

## Pope Francis' words on President Trump

Once again the secular press has distorted the words of Pope Francis. This time it concerns immigration and the newly elected President Trump who won the presidential both by popular and electoral vote.

Most of the secular press and sadly even popular Catholic news outlets have falsified the pope's words. These news outlets falsely assert that the Pope called President Trump's much-needed effort of removing from harm's way those illegal immigrants with criminal records that include multiple counts of rape, murder, child sex, drug trafficking, mugging, theft and more, "a disgrace."

**Fact:** At present over 300 illegal immigrants were stopped with names matching known suspected terrorists on the watch list. 184,000 illegal immigrants have criminal charges and convictions. 179,000 have criminal charges that were pardoned under the previous administration.

**Fact:** Under the Obama administration (2009-2017) 5.3 million illegal immigrants were deported, whereas under the Trump administration (2017-2020) only 2 million illegal immigrants were deported.

**Fact:** Pope Francis did not criticize President Trump's efforts of holding accountable those illegal immigrants with criminal charges. In the following interview of January 20, 2025 (video mark 21:44 - 22:36), Fabio Fazio criticizes President Trump, mispronounces his name as "Trahmp" and asks the Pope the following:

**Fabio:** *The world, instead, deluding itself to build more security wants to increase military spending. Tomorrow there will be the installment of President Trump who already made it known that within two days he wants to begin his program of expelling immigrants that are not naturalized from the United States. So I wanted to ask you if, if you have heard from each other or spoken of this with each other.*<sup>1</sup>

<sup>1</sup> Original Italian: "Il mondo invece illudendosi di costruire maggiore sicurezza vuole aumentare le spese militari. Domani ci sarà insediamento del Presidente Trump il quale ha già fatto sapere che fra due giorni vuole cominciare il suo programma di espulsione di immigrati irregolari degli Stati Uniti: ecco volevo chiedere se, se vi siete già sentiti; se ne avete parlato."

**Pope Francis:** *“No, We have not spoken to each other. He came here once when he was the president the previous time, but we have not heard from each other. **But if what you say is true, this would be a disgrace because it makes those individuals who are poor and have fallen into disgrace pay the price for their disproportionate situation in life...**”<sup>2</sup>*

In light of the preceding, Pope Francis was *not* addressing President Trump’s effort to hold accountable and remove those illegal immigrants who have committed the aforementioned heinous crimes against innocent American women, children and citizens, but those immigrants who simply have not been naturalized (“irregolare”) and have not committed the crimes of the former.

This significant distinction was ignored and, I dare say not by accident, by the secular press and anti-papal Christian media. This is but one of the many attacks on the Papacy that Jesus forewarned us of in the ecclesially approved prophetic revelations bearing several Magisterial seals of approval, and in which Jesus reveals: *“Beware of those who condemn the Pope...anyone who condemns the Vicar of My Church cannot be My disciple...”* (*True Life in God*, August 16, 2019). More alarming is the satanic plan to overthrow the office of the Papacy, which will bring down disaster for mankind. Jesus reveals: *“The rebellion is at its work already, but in secret, and the one who is holding it back [the Pope] has first to be removed, before the Rebel appears openly; If anyone comes your way and tells you: ‘move from your fidelity you have for this Pope to another’s sound movement; do not move! beware! the yeast of the Deceiver may be powerful and might taste good, but in reality it is of deadly deception!’”* (Ibid., March 17, 1993).

Always remain obedient to the Church that leads us to the Eucharist, the Blessed Mother and the office of the Papacy.

In Christ,

Rev. J.L. Iannuzzi, STL, S.Th.D.
